Perfect combination of security, experience and cost.

The LTO4 features InVue Alarm-on-Merchandise protection combined with a cut resistant cable and optional bracket arms for enhanced security. Designed to provide an excellent user experience, the LTO4 allows merchandise to be easily lifted from the stand for complete customer interaction with the phone or tablet. An exclusive breakaway fitting eliminates damage to the stand during a theft attempt and allows easy, immediate re-installation and an exceptional cost of ownership.

InVue

Simple configuration includes a stand with sensor that works for both handhelds or tablets.

FEATURES AND BENEFITS

1 Alarm on Merchandise provides enhanced theft deterrence
2 Breakaway mounting plate eliminates damage, is reusable and allows you to quickly and easily re-install the position
3 Single screw merchandise removal provides simple remerchandising and easy nightly removal
4 Access Manager compatibility provides audit and zone control for smartphones and tablets (not shown)

FEATURES AND BENEFITS (continued)

1 Alarming auxiliary port allows you to cross-merchandise an accessory and dramatically increases accessory sales

2 Optional bracket arms provide scalable, enhanced security when and where it's needed

3 Power pass-through enables the display to be fully charged (with OEM power supply) and ready for customer trial

4 LTO4 is part of the InVue single key IR Ecosystem™

InVue®

Ecosystem™

IR ECOSYSTEM™

The LTO4 is part of the exclusive InVue IR Ecosystem™, a storewide single key solution that improves customer service, increases sales and provides high theft protection.
